

Compartment Review Record of Changes and Decisions
Roscommon Management Unit
2007 Year-of-Entry
Roscommon OSC
December 15, 2005
Revised Draft

The following documents the changes and decisions to be made to the inventory database and compartment maps at the Roscommon Forest Management Unit compartment review. Discussions are also noted. Unless a revision is prepared, this document is the official record of change and decisions.

As per work instructions written public comments were presented at the review and were a consideration in the final management decisions. Some of the comments received include:

- A formal resolution from Roscommon Township Board to designate the Lost Twin Lakes Foot Trail as an “Old Growth” area followed by House Resolution #161 to designate the Lost Twin Lakes Pathway an “Old Growth” area.
- A petition for the DNR to “Bring Back the Deer”
- A petition for the DNR to “Control Clearcutting”
- A letter supporting creation of more wildlife openings.
- Other more general comments against clearcutting and for habitat management that promotes game species.

Compartment 7 – Dale Ekdorf

Per Dale Garlock limiting factors will be scrutinized per stand #16 add in comments.

Compartment 12 – Dale Ekdorf

Stand 28 plant 200 TPA red pine and allow natural jack pine regeneration. Leave white pine. Add small area just to the SW of stand 28

Add ORV route markers to map.

Add that it is acceptable to get mixed regeneration where appropriate.

Compartment 14 – Dale Ekdorf

Stand #31 suggested by Steve A. to post area for no littering

Compartment 28 – Jason Hartman

Trespass easement from north close by berms

Stand 422 add an opening to stand

Change symbol on trail to “P” for parking

Compartment 33 – Jason Hartman

Stand #1 should be a shelterwood prep. code 7, rather than a thinning.

Compartment 45 – Steve Anderson

Stand #40 need setback from river for FSH.

Cycle symbol or MCCT symbols need to be added.

Compartment 55 – Dale Ekdorn

Stand 18 leave out spruce pockets from treatment.

Stand 400 if we have an approved herbicide treat knapweed. Roger Mech will check. Soil pH is a problem. Try multiple treatments (burn, etc.) and document results.

Make road into an ORV route to parking lot. If trail on east side is open change symbol to reflect.

Compartment 73 – Jason Hartman

Take unofficial trail off of compartment header and remove signs along unofficial trail.

Stands # 52, 20, 17, 5, 56 Within Dead Stream area

Stands #33, 50 are jack pine. Rx for treatment w/ limiting factor. Put in comments alternative management objective.

Compartment 80 – Steve Anderson

Stands # 1,19 leave open option to habitat cut.

Compartment 85 – Dale Ekdorn

Stand #12 – Manage as a pine barrens after future YOE.

Compartment 94 – Steve Anderson

Stand #14 leave buffer on north side. Put alternative management objectives on natural regeneration stand in comments

Stand #67 Change to a final harvest as is currently a seed tree harvest.

Steve and Paige will get together on ORV trails to decide whether they remain.

Compartment 104 – Dale Ekdom

Stands #43, 21 treat with compartment 105 which is already planned. Add to P.O.W.

Complete BMP non-conformance and put in comment to address BMP in stand #16.

Add symbols for ORV route.

Compartment 106 - Dale Ekdom

Correct size of stand #16 on map

Drop treatment on stand 9

Road closure needs approval by eco-team.

Change priority on Stand 10 to a “3”

Compartment 121 – Steve Anderson

No comments

Compartment 132 – Steve Anderson

Add ORV or ATV symbol

Change symbols on SW portion of ORV trails

Make a new stand burn area (A3) north portion of compartment.

Compartment 137 – Dale Ekdom

Change stand #52 to note as a salvage

Change stand 42 to a shelterwood prep (code 7).
Add a "P" for parking area off of Waco Road

ORV route need trail proposal widening the trail east to "40" line from parking lot and then south.

Compartment 149 – Jason Hartman

Add snowmobile symbol on west side.

Compartment 176 – Dale Ekdom

Note this is a KW management area.

Make sure to add comment from pre-review about 1 year sale. Regenerate in 2012, Cut in 2010 for stands 7, 9,10.

Close grassy 2 – tracks that run through 7,9,10.

Spell out visual guidelines in comments

If possible, leave a few monarch red pine especially on the edges or diagonal vortices.

Compartment 185 – Steve Anderson

Stands 7, 8 – Cut 2016, Trench 2017, Replant 2018 KW block.

Put a limiting factor on here in order to not throw analysis off when read take limiting factor off.

Compartment 201 – Steve Anderson

Make correction on map – Stand 5

Stand #47 make sure factor limited although may be resolved by limiting factor forester.

Stand #46 put MOC with limiting factors

Stands 60, 61 put SC 8 as potential old growth.
